Print on Plain White Paper (Part No. 122919)

MIDMARK®

Installation Instructions

9A303002 Paper Roll Holder for 419 Table

KIT COMPONENTS

Part Number	Description	Qty.
9A303002	Paper Roll Holder Assy.	1
003-1172-00	Installation Instructions	1

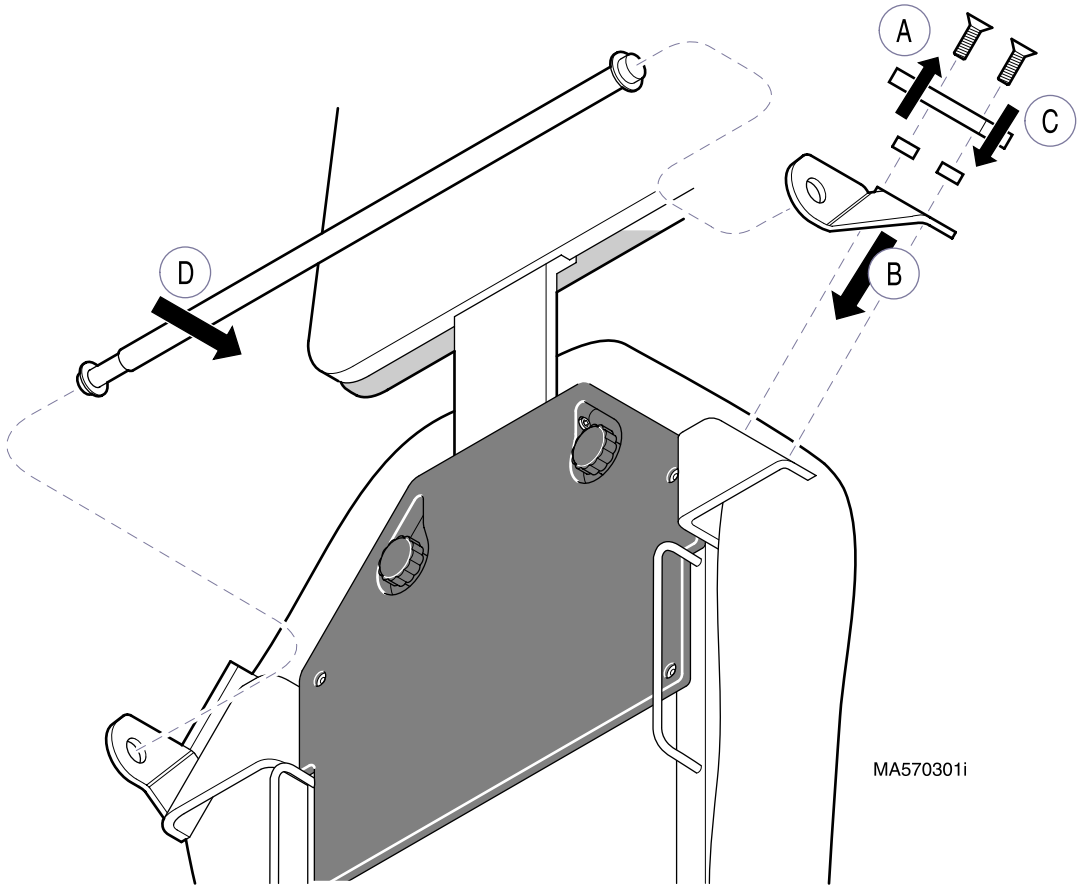
REQUIRED TOOLS

7/32" *T-handle* or *long* handled Allen Wrench

INTRODUCTION

To provide a means to hold a paper roll on Model 419 Tables.

INSTALLATION



NOTE

Use a T-handle or long handled allen wrench to remove the screws that secure the accessory rails.

A. Remove screws, accessory rails, and spacers on backrest and save for later installation.

NOTE

There is a right and left hand bracket. Assure they are installed in the correct position so that the end of the bracket with the hole for the paper roll is perpendicular (pointed straight out) from the backrest.

B. Place right hand paper roll bracket in position on patient's right hand rail bracket

C. Place the spacers and accessory rail in position over the paper roll bracket and secure with the two new, longer screws included with the kit.

D. While compressing the spring loaded paper roll tube, install it onto the brackets.
